Day 2 & 3: Meru National Park

ELSA'S KOPJE

Meru National Park, wild and remote, lies 10km north of the equator between Mount Kenya and the Nyambeni Mountains, 350km from Nairobi. Meru forms part of a larger conservation area covering 370,000 acres including the adjoining Kora, Rahole and Bisanadi Reserves. The park also incorporates an 84km² rhino sanctuary, making Meru one of the prime destinations to see rhino in their natural habitat. The birdlife is extraordinarily colourful and abundant with over 400 species of birds.

Rugged and remote, Meru National Park was rescued from oblivion thanks to Elsa's Kopje, an environmental award-winning, boutique lodge. Visitors get the whole place to themselves: all 870 km² of it, including a thriving rhino sanctuary inside the Park. Famous for large elephant herds, lion and birdlife, and more diversity of animal species than any other park in East Africa. Activities include nature walks, fishing in the streams, game drives to Kora and Bisanadi National Reserves, and evening game drives back to camp.

Unashamedly romantic and beautifully styled, Elsa's Kopje is sculpted into Mughwango Hill, above the site of George Adamson's original camp where he raised and released orphan lions, long before conservation became fashionable.
